

REMARKS

Claims 1-18 and 20-23 are pending in this application. Claim 19 was canceled herein.

Claims 1, 2, 5-10, 12-18, 20, 21, and 23 have been amended herein. In view of these amendments and remarks, Applicant respectfully requests reconsideration of the claims.

The drawings were objected to for including the reference number 118 in FIG. 1C without corresponding description in the specification. However, the reference number 118 has been added to page 9, line 14 to identify the planarizing coating. Therefore, this objection is now moot.

Claims 1-4, 11, and 22 were allowed.

There were several objections to the claims for various informalities. However, it is believed that each and every one of these informalities have been corrected and that these objections are also now moot.

Claims 5-10 and 12-20 were rejected under 35 U.S.C. 112, second paragraph for insufficient antecedent basis. These claims have been appropriately amended such that all elements have a proper antecedent basis.

In view of the above, Applicant respectfully submits that the application is in condition for allowance and requests that the Examiner pass the case to issuance. If the Examiner should have any questions, Applicant requests that the Examiner contact Applicant's attorney at 972-732-1001 so that such issues may be resolved as expeditiously as possible. No fee is believed due in connection with this filing. However, should one be deemed due, the Commissioner is hereby authorized to charge the appropriate fees to Deposit Account No. 50-1065.

Respectfully submitted,

15 February 2006
